Are babies, children, and minors allowed at Sweet Cheeks Winery?

Sweet Cheeks Winery loves to see your entire family, and is welcoming to all minors. For the enjoyment of all guests, and for your child's safety, we respectfully ask they remain seated, or are directly by your table during your experience. Our winery is intended to be an escape for all guests, so we ask children, and all guests, to refrain from running, climbing, throwing, or shouting. Here are a few tips from our Sweet Cheeks Winery Family that also have children :

1. Strollers are great to bring with you to the winery! They allow your child to nap, have a more comfortable seat, or provide shade.

2. Pack plenty of snacks. Although we do sell cheese plates at the winery, sometimes kiddos prefer a few of their favorite snacks. We do sell non-alcoholic beverages, but may not have cups that are easy for small children.

3. Bring something to keep small children entertained during your experience. A coloring book is great, or depending on your view of screen time, a phone or tablet can do the trick to allow you to enjoy your wines and prevent kids from getting restless.

4. There are many potential hazards at the winery; it's very important to keep your children's shoes on and prevent them from wandering or climbing on things that could lead to an injury.

Please note that Sweet Cheeks Winery strictly abides by all laws and regulations of the OLCC. This includes checking identification and preventing any consumption by guests under the age of 21, even with parental consent.
